

# Responsible and Secure Gun Storage Checklist

- Ensure guns are unloaded before storing
- Store guns correctly locked in a lock box, gun safe, or with a trigger lock, or cable lock
- Store ammunition separately, safely, & securely
- Secure keys for locking devices where unauthorized persons don't have access
- Store guns responsibly and securely at all times when not in use, even when transporting outside the home
- Ensure unauthorized persons do not have access to stored guns no matter where the firearm is located at all times

## KEEP GUNS SECURE

24 Hours A Day, 7 Days A Week

*From unauthorized persons including children, contractors, family, friends, uninvited people*

**PREVENT ACCIDENTS & SUICIDES**
