JUNE 17, 2024

Thank you for your continued patience during this difficult time.

The Luther Center has been working on repairs and could be ready for your return in the next few days.

Plans are being made to transport people from the hotels by bus to the Luther Center. Those who have been staying with friends and family will be provided with days and times for their return as those details are finalized.

There Will Be Staff On Hand At The Hotels and Luther Center To Assist You.

As you prepare, please know that due to space restrictions on the bus, you will only be able to take **ONE** bag with you. Please be sure to pack your most important items, including medications, in the bag you take with you on the bus.

- All of your remaining bags will be labeled with your name and apartment number and delivered to you after all residents have been transported.
- Please discard all perishable food items before leaving the hotel.
- Shelf stable items such as crackers, cookies, chips, etc. can be packed and taken with you to Luther Center.
